METALLICA

GRIGIO

Inside 60x60 - 24" x 24"

Outside Grip 30,4x61 - 12" x 24"

Modern and refined, thanks to its clean-cut line and the softness of colours featuring in a broad range of sizes, More draws inspiration from the textural effects typical of cement, embracing its most intimate essences, reinterpreting them in an original and minimalist style, with a discrete allure.
